The Way to Get the Most Money From a Bushel of Corn.

It is claimed that a bushel of corn will yield a larger product if the juice is squeezed from it, than if it is ground into meal. The following computation seems to prove it: Out of a bushel of corn comes four gallons whiskey. From the whiskey the distiller gets five dollars, the saloon keeper seven, the government four, the railway one, the farmer fifty cents, the consumer six months, his wife a divorce and the tax-payers the bills.

As in many other manufacturers, there are also some by products from the bushel of corn, which benefit the friends of the whiskey industry. The policeman making the arrest receives fees amounting to about two dollars, the magistrate who tries the case gets from three to six dollars, the officer who takes the drunkard to jail is allowed about 18 cents per mile for travel, the jailer gets \$2.20 per week for board and the Supreme Judicial Court, bench and bar come in for a fifth gleaning. Finally the tax-payers receive a second set of bills.

In no way can you get so much out of a bushel of corn as to make it into whiskey.—Exchange.

Mania to Defend Criminals.

Major A. T. Wood, of Mt. Sterling, has volunteered his services to defend Caleb Powers of the charge of complicity in the Goebel murder case which comes up at Georgetown in August.

Abraham Lincoln's Ax.

Perhaps the most valuable ax in the world is owned by Dr. M. B. Emery. He says the ax was used in splitting rails by Abraham Lincoln. The doctor formerly lived in Springfield, Ill., and the ax was presented to him by Lincoln. The doctor says that he has been offered \$5,000 for the ax, but he refused to part with it. He will deliver the relic to the managers of the St. Louis Fair for exhibition purposes.—Carlisle Merenry.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption coughs and colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me. 'Equally as effective in curing all throat troubles, consumption, pneumonia and grip. Guaranteed by Swann-Day Lumber Co. Trial bottle free, regular sizes 50c and \$1.00."

Stock of Goods For Sale.

I offer for sale privately my entire stock of general merchandise at Spout Spring. Good stand and good store house. A splendid opportunity for any one desiring to enter a business of this kind. W. J. CHRISTOPHER, Spout Spring, Ky.

Statement Corroborated.

The people of Clay City were startled and greatly surprised a few weeks ago when Rev. W. J. Delaney a converted priest, made a public statement during his address, that President Lincoln's assassin was still living and that the body of the supposed John Wilkes Booth was that of another, and that the dastardly deed was committed by the Catholic priesthood who shielded Booth, the assassin. The first part of this statement has been corroborated by a report from Enid, Okla., that a man there named David E. George, who was Booth under this assumed name, has died, and that his body has been identified by a number of persons acquainted with assassin, and a number of near relatives.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. Newsom, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered. For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Swann-Day Lumber Co."

Game With the Indians.

The Clay City base ball team will play a game July 4 and 5 at this place with the Nebraska Indians. The Indians are expert players and they bid fair to give the home team a hot game. They won 187 games out of 152 last season, and seem to be making equally as good record this year. The Red Skins played the Recus nine in Louisville Sunday, defeating them by a score of 3 to 2. As one of the games comes off on Saturday it should be largely attended.

Driven To Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds Ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It is the best on earth. 25c. at Swann-Day Lumber Co's Store.

Bad Wreck on L. & N.

One man was killed and 18 persons were injured in an L. & N. wreck at Muldraugh's Hill near Louisville Tuesday. The wreck is supposed to have been caused by spreading rails.

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by Swann-Day Lumber Co.

The Times has secured a correspondent at Union Hall who will furnish the news from that portion of the grand old county of Estill.

Irvine Items.

(Irvine Herald.)

Miss Stella Ashcraft, who has been attending school at Wilmore, came home last Thursday.

There will be a picnic held at Winston on July 4th, under the auspices of the Green Broadbuds Post, G. A. R. This will be the 9th celebration given by this post.

Mrs. J. C. Durham, nee Park, of Clarksville, Texas, accompanied by her sister, Miss Katie Park, arrived last Friday for an extensive visit to their parents, Mr. and Mrs. W. W. Park.

On last Thursday, the five-year old son of Ves Scrivner was kicked on the nose by a mule. Dr. Hood, of Irvine, who was sent for, reports that except leaving a scar, the child was not seriously injured.

Another flow of gas was struck last week on Whiteoak creek, which proved to be very strong. The drillers had to abandon the well until another engine could be secured, the flow of gas becoming ignited, which rendered the one in use powerless. The supply which can now be furnished from this field warrants the piping of it to Irvine in the near future.

A stone, rudely carved in the shape of a turkey, was recently found on Judge O. K. Noland's farm near Irvine, on Whiteoak creek. It is covered with inscriptions, and arrows can be plainly traced on its back. It was found at the foot of a small mound upon which are a number of Indian graves, and it supposed to have served as a monument to the graves.

Vaughn's Mill.

A. P. Bush sold to F. P. Tracy a span of mules for \$230.

Misses Sudie and Doll Barnett visited Miss Madge Gravett Saturday night and Sunday.

Misses Mary and Nannie Gravett are visiting Mrs. Geo. Brandenberg at Pilot View this week.

Sunday was preaching day at the Methodist church and several people were out and most of them got waterbound.

Mr. A. J. Lowe, of Logan, W. Va., who has been visiting A. P. Bush and family, left Friday for home and was accompanied by his cousin, Nattie Bush who will visit them several weeks.

Mrs. Dump Clark and her son, Joe, spent last Thursday night with her brother, G. P. Douglas near Levee and the next went to visit her sister, Mrs. Adaline Mackinham at Mt. Sterling.

Mr. A. J. Lowe, of Logan, W. Va., and Miss Allie Bush of this place, spent Wednesday night with their Aunt Belle Lowe at Clay City, and the next morning went to Cat creek to see their grandfather.

There were some bad boys at the ice cream supper Saturday night that did some very rough talking. We are sorry they don't know any better, and don't know what is to become of such rude characters. We trust they will learn better by the next time.

We are agents for the Butterick Patterns, and will get any pattern on short notice for you that we don't happen to have in stock.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

SPOUT SPRING.

Several from here attended court at Irvine Monday.

Mr. J. P. Wright is able to walk about town again, we are glad to note.

Mr. and Mrs. Lloyd Todd visited W. J. Barnett and family Sunday.

Miss Florence Tipton, of Clay City, is visiting friends in Spout Spring this week.

Quarterly meeting at the Methodist church Saturday and Sunday, June the 20 and 21.

Mrs. Mollie Dawson, of Rabbitsville, is visiting her father, D. McKinney at this place.

Mr. A. H. McIntosh has moved from the Collins place to Henry Winburn's property near Tipton's Ferry.

Reed Mocabee, who was convicted of horse stealing some months ago, has been pardoned and is home again.

Miss Lillie Tipton, of Irvine, was down last week and secured the school at this place which she will begin the first Monday in July.

Geo. W. Wells and R. H. Curtis have bought of J. D. Puckett a boundary of timber and are having the bark peeled and the tie timber worked up.

The Republicans of this county are now talking of a primary election to finish up the work of the lamented convention at Irvine which could agree on nothing and failed in their object, the nomination of a candidate for Circuit Clerk.

Elder J. M. P'Simer, of Johnson county, who was to preach at the Baptist church Sunday was on hand, but he arrived a little too late as the crowd had dispersed rather prematurely on account of a heavy and threatening rising storm. Afternoon services were also thwarted on account of a heavy rain. Preaching again the next first Saturday and Sunday.

Increased Reward.

The membership of Jackson's Chapel has increased the reward for the apprehension and conviction of the party who shot into the church house some months since from \$25 \$40.

Not Quite so Fast.

If some of the papers had been as quick to accuse the Republican officials of assassinating Gov. Geibel and conspiring the project because they were in control at Frankfort at the time, as they are to assume and declare that the Democratic officials of Breathitt did the dirty work in the notorious mountain county, their present preponderant accusations would be more seriously considered by unprejudiced people.

No positive and direct statement has ever been made, and no witness has ever attested to the guilt of these probably maligned officials in the assassination cases, yet the press of the state irrespective of politics, has penned and verified the unwholesome, yet unauthorized, charge. These premature charges to their present extent, are as unjustifiable as the defense some are putting up for fugitive Taylor, Caleb Powers, Jim Howard and etc in the Geibel conspiracy.

To convict a Democrat of assassination, suspicion is all that is necessary, to convict a Republican, he must self confess; a barrel of evidence from co-conspirators counts nothing.

Another Day is Coming.

The timber in this section is becoming scarce, and in a short time it will practically all be gone. Numbers of persons now engaged in this business will then be thrown to agricultural pursuits for a livelihood, and we should be prepared to confront the change to the best advantage.

Without good roads these people will be in a bad plight, and what can we do in Powell with no bridges? Can't get our products to market six months out of twelve; can't get across the river at least one-third of the time; have to wait until nature provides relief, and perhaps then your commodities are not in demand and must sell at a sacrifice.

Our county must have good roads and bridged streams or we must in a few more years suffer a great relaxation in business in every portion of the county.

A Commendable Precedent.

Saloons should be closed on Sunday, and that conscientious and fearless Clay City Councilman who took steps with that end in view for this town, is justly receiving the approbation of all law-abiding citizens.

Such duties incumbent upon local officers should not be so wilfully neglected as they have heretofore been. No one cares to enforce the laws, but they must be respected and obeyed, and the city authorities are the ones to do the work. The TIMES sincere-

ly trusts that the good work started, will not cease until every saloon in the county will be closed tight as a jug on Sunday and all public days as the law requires.

One of the restrictions of the Breathitt court is to allow no one in the court room until he is searched for weapons. This pistol business is wholly unnecessary and causes a great deal of useless trouble. These desperadoes and assassins are as harmless as a cowed dog only when he has a deadly weapon on his cowardly and brutal person. Too much lenity is now shown to pistol toppers in our courts when there should really be none, and the full penalty of the law imposed upon everyone of them.

The Republicans of Lee county in a body have called upon Judge Beckner, of Winchester to make the race for Attorney General. The Republicans of this county perhaps claim the honor for making one of their party out of the distinguished gentleman as it was at the Beattyville Democratic convention a few years ago the Judge quit the party which had made him famous when Fitzpatrick defeated him for Congress. The Judge is a fit man to represent such a party as he now cherishes. So mote it be.

The Democrats of Clay City are as yet not organized for the fall campaign. City officers are to be elected this fall, and to win with the usual majority, the party must be organized to make the fight. It is now time to name the various candidates and to adopt a policy that the voters may become fully acquainted with them. This matter should not be delayed another week.

When candidates for county offices announce let them be bold enough to give to their constituency their views on the road and bridge question which today is the most vital of all issues before the people of the county.

Louisville Republicans have two candidates for gubernatorial honors, and they are worrying very much trying to get the better man—A. E. Wilson—out of Belknap's way.

The negro department of the Winchester Sun-Sentinel seems to be eliminated from that paper. We are indeed glad to see our neighbor improve.

We are listening for a vigorous protest against Governor Beckham for permitting the Laurel county troubles.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. Cheney & Co., Toledo, O. Sold by Druggist, 75c.

Hall's Family Pills are the best.

Show Coming Next Tuesday.

Teets Bros.' famous railroad show will exhibit here Tuesday, June 16. This show has been here two different times before, and our people are well acquainted with its merits and excellent performances, though many new features are added for this season. There will be no backdown with this show like the one advertised here in the early spring. Those who come to town next Tuesday to see a good clean show at a popular price need not be disappointed.

Mother

Lost Reason After LaGrippe.

Daughter Had Frequent Spasms.

Dr. Miles' Nervine Cured Them Both.

Dr. Miles' Nervine is a specific for nervous disorders. It removes the cause and effects a speedy and permanent cure.

"I feel it my duty to let you know that your medicines have cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nervine and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nervine and one of the Blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nervine cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—MRS. HANNAH BARKETT, Springdale, Ark.

AN ALL HOME-MADE PAPER

THURSDAY, - JUNE 11, 1903.

LOCAL BREVITIES.

Miss Hoyt Adams is visiting relatives in Madison county.

"Uncle" James W. Baker, of Vaughn's Mill was in town yesterday.

Eld. N. McIntosh is holding a protracted meeting at Mt. Tabor Estill county.

Mrs. J. H. Evans, of Beattyville, is visiting friends in Clay City this week.

Prof. and Mrs. W. R. Eubank are on an extended visit to Clark county relatives.

Saturday and Sunday are regular preaching days at Powell's Valley Baptist church.

Pastor Willis filled his stand at the Methodist church Sunday morning and at night.

Judge W. T. Adams is in Madison county superintending affairs of his father's estate.

Prof. Ruch, a professional hypnotist, gave exhibitions in the burg Wednesday and Thursday nights.

Col. Jos. Tucker was up from Winchester Tuesday looking after his real estate interests in this town.

Our graded school closed last Friday. It is accredited by most every one as being the most successful terms ever taught at this place.

John M. Kennon was arraigned in the Police court Monday on the charge of keeping open his saloon on Sunday and fined \$10.00 for the offense.

C. L. McClure and Lonie Bradley attended a concatenation of Hoo Hoos at Winchester Friday night and were initiated into the mysteries of the black cat.

The local ball team defeated the Krippendorfs of Cincinnati on the home field by a score of 2 to 0. A number of out-of-town visitors witnessed the game.

Circuit court convenes at Stanton next Monday. Only a very few cases have been docketed since the March term, and it seems that this session will be one of short duration, and little interest.

Fred Smethers, who went from this place to Secor, Ill., has found out like all other emigrating Powellites that he cannot do without the Times so he writes us inclosing the necessary 50 cents.

Joe. Vaughn writes us to change his paper from Moberly, Mo. to 8117 Park ave., Kansas City, Mo., where he has recently moved. He says he receives the Times as a regular and welcome visitor.

The sentiment seems to be going for the organization of a Baptist church at this place. There are a number of members of that denomination in the town, and they should be banded together.

For all kinds of choice fruit and confectionery, lemonade and pop on ice, go to Jo. Martin in the Tucker building. His stock is always fresh and clean. Give him a call.

Mr. B. B. Self has opened a new meat store in the Adams Hotel building where he is supplying the trade with fresh and cured meats, poultry, vegetables and etc. He has already gained an enviable trade, and bids fair to grow a large business.

Irvine citizens are becoming interested in a cemetery, and so should Clay City. Nothing shows up thoughtful humanity better than a nice spot prepared for our last resting place. The old Eaton grave yard is a nice and beautiful spot for such purpose and with proper care and attention could be turned into a beautiful cemetery.

The programs for the Kentucky Valley Medical Association which meets semi-annually has been issued from this office in the usual satisfactory manner. Among the doctors on the program are Drs. R. A. Irvin and C. D. Mansfield of Powell.

Clay City has no fire protection and the conflagration on Friday night is very remindable of this fact. We should have an organized fire department by all means. The reduction of insurance rates alone would maintain the system, and be of such great satisfaction to our people, and such a great saving in fire losses. Let us give this matter some thought.

The Best Cough Medicine.

I sell more of Chamberlain's Cough Remedy than of all similar preparations put together and it gives the best satisfaction of any medicine I ever sold. I guarantee every bottle of it.—E. C. Jaquith, Inland, Mich. This is for sale by all dealers in patent medicine.

Isolated Clay City.

Aside from the railroad outlet there has been but one road leading out from Clay City accessible for several days. The river which nearly surrounds the town has been up and we could only get away from town over the Hardwick's creek road. The situation of the river is Clay City's greatest drawback and this must be obliterated by a bridge at some central point.

His Last Hope Realized.

[From the Sentinel, Gebo, Mont.] In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all dealers in patent medicine.

Well made, Ready made, in ladies' Skirts; New patterns, new styles, lowest prices.

Mrs. J. W. Williams, Clay City, Ky.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relief for your food. For sale by all dealers in patent medicine.

Law Not Recognized in Powell.

Although the law has never been carried out, yet the statutes require that the receipt and disbursements of all public monies be published in a newspaper in the county where such taxes are collecting. It requires that all settlements with the Sheriff be published, as well as a detailed list of names to whom and for what it is so paid.—Ex.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these Tablets and get well? For sale by all dealers in patent medicine.

The trial of Curt Jett and Tom White for assassinating J. B. Marcum has begun in the Breathitt court. The jury was selected from Magoffin county veniremen. What the outcome will be is yet to be determined. All is quiet at Jackson at present.

Chamberlain's Colic Cholera and Diarrhoea Remedy.

The uniform success of this remedy has made it the most popular preparation in the for bowel complaints. It is everywhere recognized as the only remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all dealers in patent medicine.

Destructive Fire.

At one o'clock Friday night the alarm of fire was sounded, and it proved to be the beautiful residence of W. R. Cassidy in the eastern portion of town. At this time the house was in a mass of flames and caving in. None of the contents were saved. Loss, about \$3,500 with about one half this amount of insurance. No clue to the origin of the fire as Mr. Cassidy was not at home on this occasion, and his wife had been away on a visit for three weeks.

Cuts, Bruises and Burns Quickly Healed.

Chamberlain's Pain Balm is an antiseptic liniment, and when applied to cuts, bruises and burns, causes them to heal without inflammation and much more quickly than by the usual treatment. For sale by all dealers in patent medicine.

At about 12 o'clock Saturday the hardest rain that has fallen in 20 years, fell near Roundtree which brought ruin and destruction to growing crops, bridges, fences and all that was in the path of the flood that came sweeping down Howard's creek. All crops on the low lands are destroyed. A large bridge on the Red River Pike is swept away. In general it is reported that the damage will reach to a large figure.

Try for Health

222 South Peoria St.,
CHICAGO, ILL., Oct. 7, 1902.
Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Georgia Dumber

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?
